

Raymond Thomas Baggott (Ray or Mr B)

Manifesto for election as a Director of Hinckley AFC

Having been an avid supporter, player, and sponsor of non-league football and having spent the last 30+ years working on football club administration with clubs at step two down to step six in the National League system, plus involvement with County Football Association and Football Association competitions and associated rules and regulations, I feel there is plenty for me to offer the Club as a Director, in both working and advisory roles.

Over the last 30+ years, I have worked with 14 different managers involving five different Clubs in varying roles, the main one of which being Football Secretary.

Being Hinckley born and bred, 7th October 2013 was a very sad day for myself and many other local and national followers of non-league football, having seen the Club, (in the guise of Hinckley Athletic) reaching the depths of the West Midlands League and then (as Hinckley United) on the verge of gaining entry to the top class of non-league football.

My father, also a follower of Hinckley Athletic first took me to Middlefield Lane in 1951, from where I have witnessed highs and lows of football, through the merger and subsequent move to the new Stadium on Leicester Road in 2005.

It would give me and many other local people great delight and pleasure to bring football back to Hinckley with a Club bearing the town name.

Ray Baggott Football experience of over 30 years involvement.
