

Hello I'm Ian Beach

The reasons i would like to be considered for election to the AFC Board are as follows:

I fully understand that we are all Hinckley AFC Supporters and as a genuine fan like us all, I have more interaction with supporters on the terraces weekly.

I believe that i would bring positive feedback to the meeting on what fellow supporters would like to see and hear from our club. I understand that some things when discussed behind closed can not be said to supporters but so many fans have ideas to make money for the club, be it with fund raising or merchandise. I want to be there voice.

Most fans owned football clubs have a board member from the terraces just to listen on what is happening with the club and how it is growing.

I have alot of contacts in a local community pub which over the many years have gained their trust and support. If i was elected then there would be a new prespective and i could possibly encourage more new members to join AFC. People would see this has a positive step forward for our club.

I'm not here to undermine anyone within our club, the current board are doing a fantastic job, i believe that i would be a great addition with a voice from the terraces.

One of many reasons i have put myself forward is because i'm passionate on how this club is developing and as a local community club the fans from the terrace's should have some say in just basic football club decisions that are being made.

We are HAFC

We are a community

We are the future

We are unity

Thank you for listening
