

Hinckley Community Football Club Ltd Elections – 2016

I have been involved in football since I was 12 years old. I played to a semi-professional level for numerous clubs:

Ford Sports

Racing Club Warwick

Stratford Town

Chase Town FC

Barwell

Leamington

Pelsall Villa

Oldbury Town

Studley

Although being a player at the time, I still witnessed the hard work that goes on behind the scenes at a football club, I have watched clubs thrive and fold over my years. When my footballing career was over I always wanted to stay involved in football somehow and for the last number of years I have been doing coaching. I currently run the U10's junior team and do free Goalkeeper coaching to the junior club. This has also involved finding sponsorship, sorting kits and promoting teams as best as possible which I will continue but I feel I have the correct energy to work within Hinckley AFC.

I feel my knowledge over the years working with different clubs and seeing the hard work that goes on is something that I am prepared to work with. I currently work for Aston Martin special projects, so perfection and success is imperative. I was also first team captain for a local cricket club and sat on the committee. I ran the social events and fundraising for the club.

My aim if nominated would be to bring in more sponsorship and raise more awareness of the club through fundraising events and bringing in the community support. I do feel with my football background this is something that is an advantage due to my contacts.
